Bill and myself are very interested in acquiring the old Paruna golf course. The purpose of turning into an accommodation hub for motorbike clubs, or 4wd club. Or just the average person who wants some peace and quite.

We would renovate the existing club rooms to the former glory, and upgrade the toilet block or looking at portable shower/toilet block.

We would like to do a fire pit in in old pit for entertaining club groups in winter.

In the future we would like to put little self contained homes (Small cabins) Which aren't premiant structures all environmentally friendly.

What
We want to
Do !!!

We would like to get a few holes back going. So people can play a few holes while staying. Or just come out for a birthday event or a catch up. We plan to have a driving range as well.

The golf course would also be a very suited place for wedding party's or just special occasion's.

With having the general store and tavern across the road it would be a attraction for larger groups to camp.

Using the club rooms as a camp kitchen if they need or wish too.
